Training

Trainee at Salama Carton Factory for 4 months in Machine maintenance:

Mar 2022 – Jul 2022

- Pump maintenance
 - Machine maintenance
 - Make a plan for machine maintenance
-

Certificates and training

- ISO 45001 Occupational Health and safety
 - ISO 9001 Quality Management
-

Volunteer Work

- Helping students with everything they need on campus and guiding them to the best.
 - Participation and support university events.
-

Skills & Proficiencies

- Teamwork, and multi-tasking.
- The ability to solve technical problems.
- Good analysis skills, Flexibility and self-reliance.
- Computer-aided design (CAD).
- Materials science.
- Problem-solving
- Communication: collaborated with cross-functional teams and provided technical support to clients
- Leadership: managed projects and teams to meet project deadlines and budget goals.
- Work under pressure.
- Excellent Organizational skills including attention to detail & Multitasking skills.
- Machine maintenance skills.
